live /signing session
No. 1 Piccadilly zavvi
Tuesday 20th May 6:00pm

Australia's favourite three-piece **Even** will be launching their new self-titled album with a **live performance** and **signing** on **Tuesday 20th May** at **6:00pm** at the **No.1 Piccadilly zavvi**.

With their unique brand of supercool infectious power pop, Even are the band that musicians and music lovers the world over hold in an elevated position of respect and adulation. In the UK after being personally invited to play at the prestigious All Tomorrow's Parties Festival, they've found time in their schedule to perform at zavvi and we couldn't be happier!

Described as Big Star and The Lemonheads washing each others back with a cake of Small Faces soap, this is the album all music lovers have been waiting for.
